

CHEPs 118TH EYE CAMP

GILGIL, NAKURU COUNTY

10TH TO 13TH MAY 2022

Acknowledgement

We are grateful to Beta Charitable Trust for sponsoring this camp. The support went a long way in providing much needed ophthalmic services to the needy people of Nakuru county, thereby restoring their vision and empowering them. We look forward to more collaboration in future.

Introduction

The Centres for Health and Education Programmes (CHEPs) is a registered Non-Governmental Organization (NGO) in Kenya. Our goal is to empower, promote access and improve quality of health and education for the benefit of under resourced individuals and communities.

It is alarming that 282 million people worldwide have abnormal vision and 14% of them are completely blind. Also of concern is the fact that 90% of visually impaired people live in low-income settings. CHEPs is on a mission to improve the eye sight of such needy communities and prevent blindness among them. We do so by conducting eye camps, to examine them, conduct tests, and treat their eye diseases thereby preventing progression to blindness as well as provide them with spectacles to improve their vision. We also provide surgeries to restore vision among cataract blind people.

CHEPs has already conducted 117 eye camps among impoverished communities across Kenya providing services to over 51,419 needy people. Over 36,550 have been provided with various eye medications and over 13,776 supplied with spectacles. Over 6,472 surgeries have been performed restoring vision to the cataract blind

Our 118th eye camp was held in Gilgil, Nakuru county respectively, located 128km North west of Nairobi.

The following services were offered by the CHEPs team free of charge:

- Total number of patients served –500
- Eye drops dispensed to treat various eye diseases – 250
- Cataract blindness diagnosed and operated– 84

Operations in progress

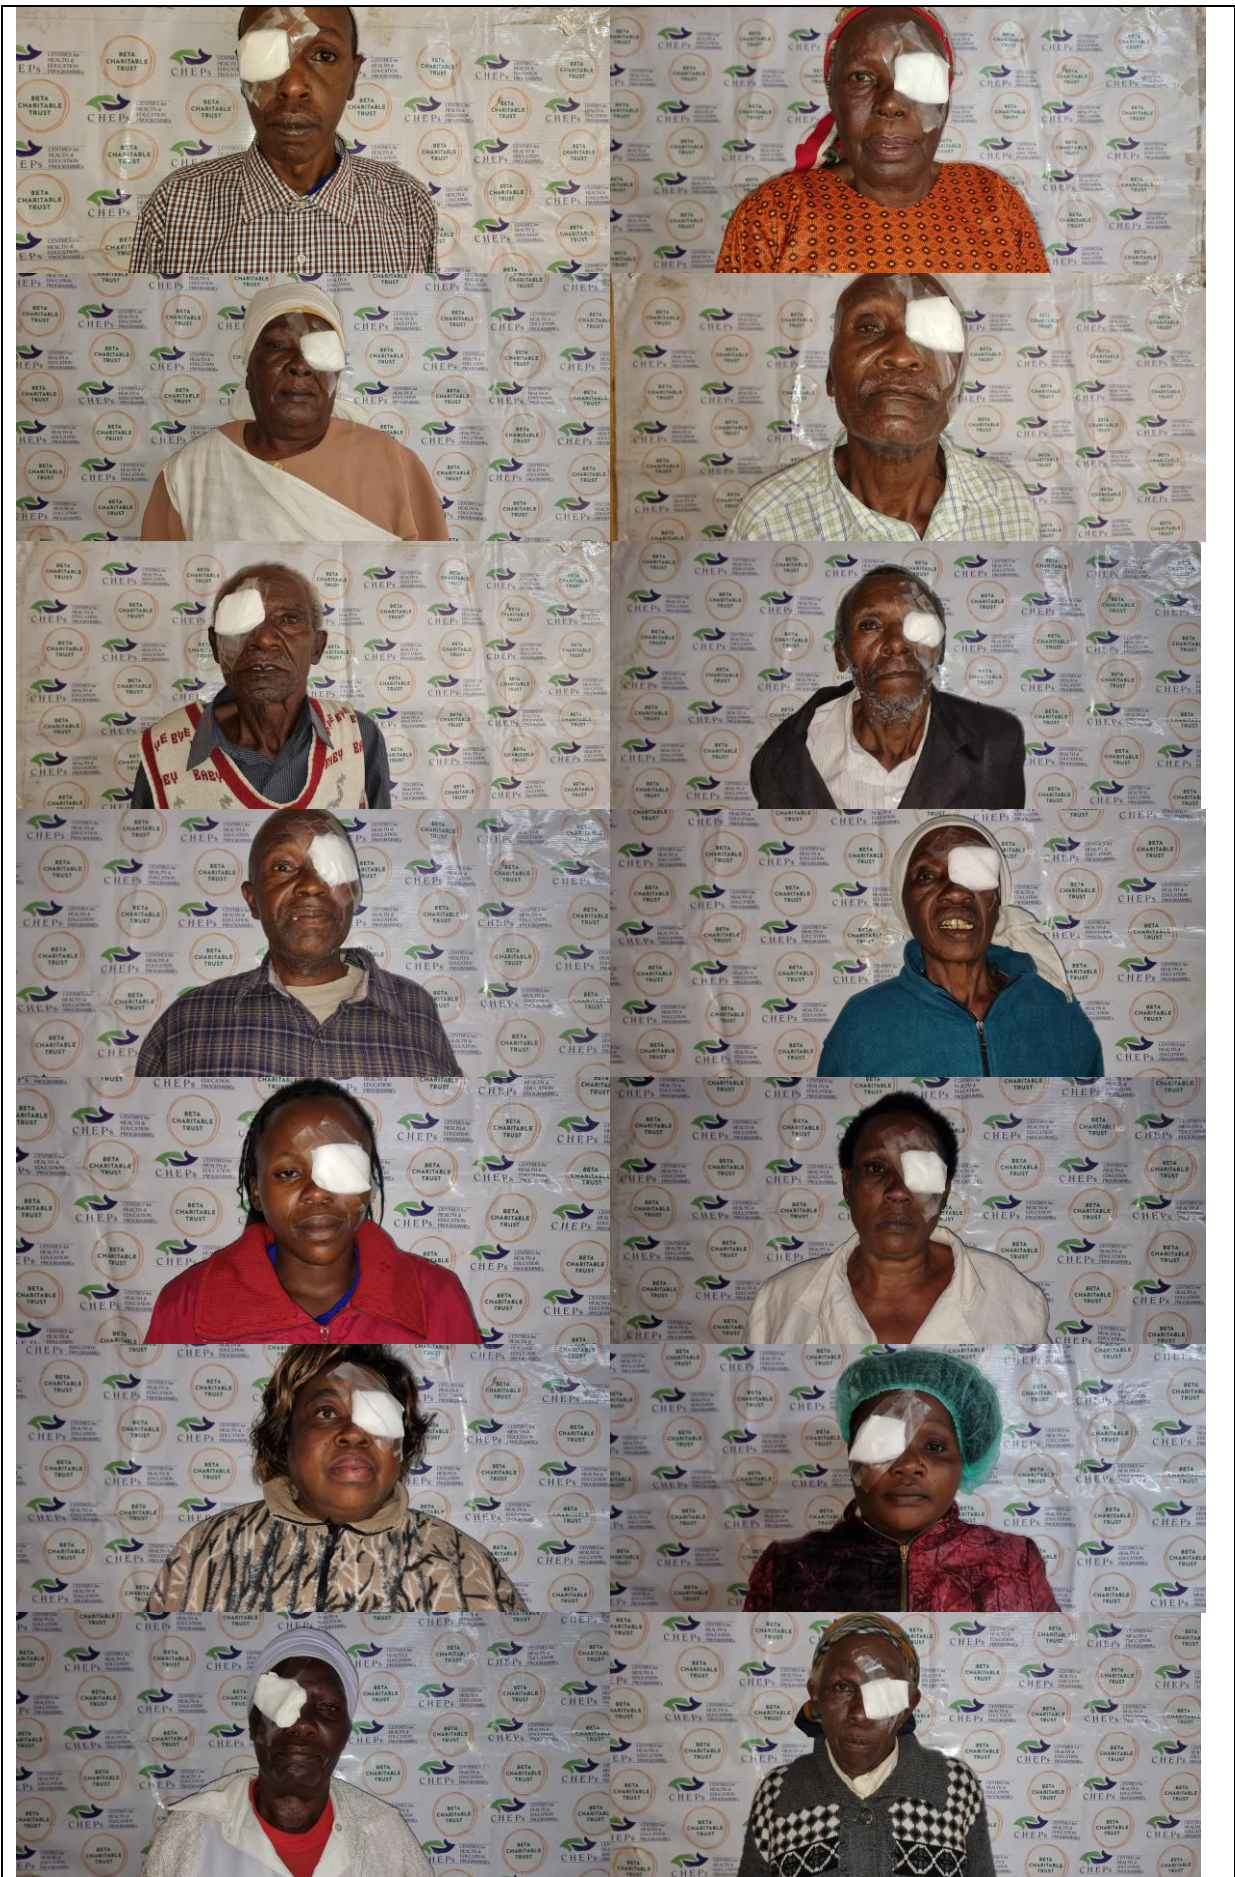

Operated patients
